251 of USA

MEMORANDUM

With reference to the Memorandum from the United States Embassy dated April 24, 1953, outlining the plans of the United States Department of the Army to establish in Hsinchu Shih area, Taiwan, an electronics countermeasures unit for operations in Taiwan on an experimental six months basis, and requesting the approval of the Government of the Republic of China for the visit to Taiwan about May 25, 1953 of a survey team consisting of two officers and twenty-five enlisted men, which is to survey tentative operational sites and make necessary administrative and logistical arrangements, and also for the stationing of the unit in Taiwan for a period of six months, the Ministry of Foreign Affairs wishes to signify on behalf of the Chinese Government its concurrence to the request mentioned above and to express in connection therewith the desires of the Chinese Government.

(1) That opportunities be given to qualified Chinese personnel to participate in the work of the unit and thereby to get themselves acquainted with the technical operations thereof, and

(2) That information obtained by the unit be supplied to the Chinese Government.

An early reply will be appreciated.
